EXECUTIVE SUMMARY

This document contains a brief guideline about the Awareness creation and Assessment Workshop (WP 8/9) that was hosted by innovate on 27th September 2011.

REPORT'S CONTENTS

1. Introduction. General Details/ Overview of the Workshop

The workshop was held on Tuesday 27th September, in the harbour Hotel in Galway city. We designed a best practice interactive programme that would meet the specific needs of our target audience.

2. Dissemination

To promote the Workshop, we personally invited participants who closely worked with us over the project lifetime of the project and those who expressed an interest in attending. We also invited colleagues who had a particular interest in attending. Careful attention was paid to targeting our invitations to potentially interested parties. Those interested in attending could register by email or telephone.

3. Participation

The workshop was attended by about 15 people from companies, mainly those who worked in creative ICT spaces and consultants.

4. Workshop

The following presentation provides specific details of the structure; content and activities of the Workshop (see attached).

5. Conclusions

The feedback from the participants was very positive. All candidates actively engaged and worked very well with each other.
